SSX5103 Sustainable Systems Design - Final Report Brief

Semester 1, AY2026/27. Coordinator: Dr. Ravi Kumar

Overview

Each team analyses one urban system (energy, water, food or mobility) and proposes a redesign that cuts its footprint by at least 30 percent.

Milestones

1. Peer feedback form: each member must submit the form by Friday of Week 12.
2. Final report (4,000 words): due Friday, 13 November 2026 at 11:59 pm.
3. Team presentation: 15 minutes in Week 13 during the seminar.

Assessment

Report 60%, presentation 25%, peer feedback 15%. Late submissions lose 5% of the mark per day.
